### Welcome to ABS 2026!

**H**osted by the City University of Macau and the Macao Association of Convention, Exhibition & Tourism Sectors, the 12th International Conference on Agricultural and Biological Sciences (ABS 2026) will take place in Macao, China, from July 7–10, 2026. Building on over a decade of successful global editions, ABS 2026 offers a dynamic platform for interdisciplinary exchange at the forefront of agricultural and biological sciences. The conference features plenary lectures by leading experts, oral and poster presentations, interactive workshops, panel discussions, and networking opportunities—all set against the vibrant cultural backdrop of Macao, a unique blend of Eastern and Western heritage. Join us to share cutting-edge research, foster collaborations, and experience the rich history and energy of this extraordinary city!

Hosted by:

## Explore Macao

The Macao Special Administrative Region (MSAR) is a part of China's territory. It is located on the Southeast coast of China to the western bank of the Pearl River Delta. Bordering on Guangdong Province, it is 60 km from Hong Kong and 145 km from the city of Guangzhou. After more than 400 years of coexistence of European civilization, the fusion of eastern and western cultures had made Macao a city with unique features and left a large number of historical and cultural relics.

Ruins of St. Paul
